

CMC Seminar 2018 - SPONSORSHIP INFORMATION

CMC Seminar / Joint Conference – Bodi Inshow Hotel, Ningbo, China October 30th & 31st 2018

The Critical Materials Council (CMC) Seminar & ICMtia Joint Conference is a 2-day event providing actionable information on manufacturing supply-chains for current and future semiconductor materials. Seminar speakers will present perspectives on vital manufacturing issues associated with logistics, quality, and safety of materials needed in IC fabs. This event will be held in at the Bodi Inshow Hotel, Ningbo, China. All CMC Seminar Sponsors will be featured on Day 2 of the conference, October 31, 2018, the CMC Seminar program day.

CMC Members-only Reception/Dinner - \$3.5 K	Gold - \$2.5 K

ABOUT CMC: The Critical Materials Council (CMC) of Semiconductor Fabricators is a membership- based organization that works to anticipate and solve critical materials issues in a pre-competitive environment. The CMC is a unit of TECHCET.

ABOUT TECHCET: TECHCET CA LLC is an advisory service firm focused on process materials supply chains, electronic materials technology, and materials market analysis for the semiconductor, display, solar/PV, and LED industries. The company is responsible for producing the Critical Material Reports, covering silicon wafers, semiconductor gases, wet chemicals, CMP consumables, Photoresists, and ALD/CVD Precursors. For additional information about these reports or about CMC Fabs membership or associate-membership for suppliers please contact Diane Scott at info@cmcfabs.org +1-480-332-8336, or go to <https://techcet.com> or <https://cmcfabs.org>.

ABOUT ICMtia: The IC Materials & Technology Innovation Alliance is a Chinese consortium focused on the growth and development of companies within China that support the semiconductor fabrication industry. The membership group consists of Chinese materials and equipment suppliers and semiconductor fabricators.
