CMC Conference April 26-27, 2018

Agenda

10:45am Keith Long, Director, USGS Global Tantalum Supply-Chain: Trends and Future Challenges 11:15am James Votaw, Partner, Keller & Heckman 11:45am Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Session II. Materials Issues Today 1:30pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES 2:00pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 1:30pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 3:00pm Coffee Break 3:15pm Reg Parker, Strategy & Operations Program Manager, NXP Michelle Garza, Sr. R&D Chemist, Fujimi Strist the Only Speed; Quick Turnaround Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Alok Ranjan, Director & Sr. MTS, TEL 11:15am David Thompson, Sr. Director, Applied Materials David Thompson, Sr. Director, Applied Materials David Thompson, Sr. Director, Applied Materials Ruthenium Integration	Time	Presenter	Presentation Subject/Title	
9:00am Scott Jones, Managing Director, KPMG Semiconductor Macro Overview 9:30am Jim Feldham, Partner, Semico Driving Application for the Semiconductor Market; what's next? 10:15am Lita Shon-Roy, President, TECHCET Critical Materials Market Forecast & Roadmap Global Tantalum Supply-Chain: Trends and Future Challenges Regulatory Challenges for Novel Engineered Materials 11:15am James Votaw, Partner, Keller & Heckman 11:45am Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Lunch 13:0pm Materials Issues Today 13:30pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 13:00pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 13:15pm Reg Parker, Strategy & Operations Program Manager, NXP 13:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Shirty Ramp for 10nm 14:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 15:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda 15:15 to 7:30pm Near Future Materials 15:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 16:30am Lukas Gerlich, Technologist, Fraunhofer CoMP (R&D Accelerator) 10:00am Coffee Break 10:15am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SIN Technology 10:15am David Thompson, Sr. Director, Applied Materials Ruthenium Integration	8:00am	KEYNOTE: David Bloss, VP/Director, Intel		
9:30am Jim Feldham, Partner, Semico Driving Application for the Semiconductor Market; what's next? 10:10am Coffee Break 10:15am Lita Shon-Roy, President, TECHCET Critical Materials Market Forecast & Roadmap Global Tantalum Supply-Chain: Trends and Future Challenges 11:15am James Votaw, Partner, Keller & Heckman 11:45am Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Lunch 13:0pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries 13:0pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 13:0pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 13:15pm Reg Parker, Strategy & Operations Program Manager, NXP 14:15pm Michelle Garza, Sr. R&D Chemist, Fujimi Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10am 14:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials Trends 15:15 to 7:30pm Sanjeev Aggarwal, VP R&D, Everspin Manager Manager R&D, ASM ALD Materials Integration Challenges 19:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 19:30am Lukas Gerlich, Technologist, Fraunhofer CoMP (R&D Accelerator) 10:00am Coffee Break 10:15am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials 10:245am Alok Ranjan, Director & Sr. MTS, TEL 11:15am David Thompson, Sr. Director, Applied Materials 11:15am David Thompson, Sr. Director, Applied Materials 11:15am David Thompson, Sr. Director, Applied Materials 11:15am Reg Parker, Semicon David Thompson, Sr. Director, Applied Materials 11:15am Parket Parker P	Session I: Global Issues			
10:00am Coffee Break 10:15am Lita Shon-Roy, President, TECHCET Critical Materials Market Forecast & Roadmap 10:45am Keith Long, Director, USGS Flobal Tantalum Supply-Chain: Trends and Future Challenges 11:15am James Votaw, Partner, Keller & Heckman Future Challenges Regulatory Challenges for Novel Engineered Materials 11:45am Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Lunch 13:45pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries 13:40pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 13:40pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 13:45pm Reg Parker, Strategy & Operations Program Materials Cradle to Grave and the Reverse Supply Chain — logistic & control 14:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials Trends 15:15 to Tsi30pm Series Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda 15:200am Sanjeev Aggarwal, VP R&D, Everspin Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 16:400am Coffee Break 16:415am Ed Korczynski, Sr. Analyst, TECHCET Codal Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am David Thompson, Sr. Director, Applied Materials 10:415am David Thompson, Sr. Director, Applied Materials 10:25am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	9:00am	Scott Jones, Managing Director, KPMG	Semiconductor Macro Overview	
10:15am Lita Shon-Roy, President, TECHCET Critical Materials Market Forecast & Roadmap Global Tantalum Supply-Chain: Trends and Future Challenges Regulatory Challenges for Novel Engineered Materials Jeff Morris, Director, US EPA 12:15pm Jeff Morris, Director, US EPA 12:15pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries Men and Xenon Recycling Scholefield Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets Coffee Break Reg Parker, Strategy & Operations Program Manager, NXP Michelle Garza, Sr. R&D Chemist, Fujimi Michelle Garza, Sr. R&D Chemist, Fujimi Michelle Garza, Sr. R&D Chemist, Fujimi Silicon Wafer Quality at GlobalFoundries Materials Cradle to Grave and the Reverse Supply Chain – logistic & control Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10nm Materials Materia	9:30am	Jim Feldham, Partner, Semico		
10:45am Keith Long, Director, USGS Global Tantalum Supply-Chain: Trends and Future Challenges 11:15am James Votaw, Partner, Keller & Heckman 11:45am Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Lunch Session II. Materials Issues Today 13:30pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES 13:00pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 13:15pm Reg Parker, Strategy & Operations Program Manager, NXP 13:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Michelle Garza, Sr. R&D Chemist, Fujimi Sit is the Only Speed; Quick Turnaround Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET Quasi Ale SiN Technology David Thompson, Sr. Director, Applied Materials	10:00am	Coffee Break		
11:15am James Votaw, Partner, Keller & Heckman 11:45am Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Jeff Morris, Director, US EPA TSCA Implementation Update 12:15pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries 13:0pm GLOBALFOUNDRIES Silicon Wafer Quality at GlobalFoundries 13:0pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 13:0pm Coffee Break 13:15pm Reg Parker, Strategy & Operations Program Manager, NXP 13:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Silicon Wafer Quality at GlobalFoundries 13:0pm Michelle Garza, Sr. R&D Chemist, Fujimi Silicon Wafer Quality at GlobalFoundries 13:0pm Markets Alb/CVD/PVD Metal Materials & Markets 13:0pm Materials Cradle to Grave and the Reverse Supply Chain — logistic & control Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10mm 14:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 15:15 to Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda 15:15 to Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda 16:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 16:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 17:00am Coffee Break 18:00am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 18:00am Coffee Break 18:00am Alok Ranjan, Director & Sr. MTS, TEL 19:00am Alok Ranjan, Director & Sr. MTS, TEL 19:00am David Thompson, Sr. Director, Applied Materials 19:00am David Thompson, Sr. Director, Applied Materials 10:15am David Thompson, Sr. Director, Applied Materials	10:15am	Lita Shon-Roy, President, TECHCET	Critical Materials Market Forecast & Roadmap	
11:45am James Votaw, Partner, Keiler & Heckman 11:45am Jeff Morris, Director, US EPA 12:15pm Materials Issues Today Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES 2:00pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES 3:00pm Terry Francis, Sr. Analyst, TECHCET 3:15pm Manager, Linde Neon and Xenon Recycling 3:15pm Manager, NXP 3:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials Trends 5:15 to 7:30pm Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:30am Lukas Gerlich, Technologist, Fraunhofer 10:00am Coffee Break Ed Korczynski, Sr. Analyst, TECHCET Quasi ALE SiN Technology 11:15am Materials Ed Korczynski, Sr. Analyst, TECHCET Quasi ALE SiN Technology David Thompson, Sr. Director, Applied Materials Integration David Thompson, Sr. Director, Applied Materials Integration David Thompson, Sr. Director, Applied Materials New Integration David Thompson, Sr. Director, Applied Materials Define Materials Silicon Wafer Quality at Global Foundries Materials Cradle to Grave and the Reverse Silicon Wafer Quality at Global Foundries Materials Cradle to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Grave and the Reverse Sulply Chain – logistic & control Fast is the Only Zefde to Gr	10:45am	Keith Long, Director, USGS		
12:15pm	11:15am	James Votaw, Partner, Keller & Heckman		
Session II. Materials Issues Today 1:30pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES 2:00pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 2:30pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 3:00pm Coffee Break Reg Parker, Strategy & Operations Program Manager, NXP Supply Chain — logistic & control 3:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10nm Ion Implant Critical Materials 4:45pm Risto Puhakka, President, VLSI Research OEM Markets and Materials Trends 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials			TSCA Implementation Update	
1:30pm Mark Scholefield, Sr. MTS, GLOBALFOUNDRIES 2:00pm Ken Unfried, Manager, Linde Neon and Xenon Recycling 2:30pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 3:00pm Coffee Break 3:15pm Reg Parker, Strategy & Operations Program Manager, NXP Michelle Garza, Sr. R&D Chemist, Fujimi Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials Trends 5:15 to 7:30pm Not-5o-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues Coalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am	•			
2:30pm Terry Francis, Sr. Analyst, TECHCET ALD/CVD/PVD Metal Materials & Markets 3:00pm Coffee Break Reg Parker, Strategy & Operations Program Manager, NXP 3:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 4:45pm Risto Puhakka, President, VLSI Research OEM Markets and Materials Trends 5:15 to 7:30pm Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Company (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology Ruthenium Integration		Mark Scholefield, Sr. MTS,	Silicon Wafer Quality at GlobalFoundries	
3:00pm Coffee Break 3:15pm Reg Parker, Strategy & Operations Program Manager, NXP Supply Chain — logistic & control 3:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 4:45pm Risto Puhakka, President, VLSI Research OEM Markets and Materials Trends 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Comp (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	2:00pm	Ken Unfried, Manager, Linde	Neon and Xenon Recycling	
3:15pm Reg Parker, Strategy & Operations Program Manager, NXP Supply Chain — logistic & control 3:45pm Michelle Garza, Sr. R&D Chemist, Fujimi Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair lon Implant Critical Materials 4:45pm Risto Puhakka, President, VLSI Research OEM Markets and Materials Trends 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	2:30pm	Terry Francis, Sr. Analyst, TECHCET	ALD/CVD/PVD Metal Materials & Markets	
Manager, NXP Supply Chain — logistic & control Fast is the Only Speed; Quick Turnaround Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials Risto Puhakka, President, VLSI Research Not-So-Usual-Roundtables Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break Ed Korczynski, Sr. Analyst, TECHCET David Thompson, Sr. Director, Applied Materials Ruthenium Integration	3:00pm	Coffee Break		
Slurry Ramp for 10nm 4:15pm Dennis Brestovansky, Director, Praxair Ion Implant Critical Materials 4:45pm Risto Puhakka, President, VLSI Research OEM Markets and Materials Trends 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Comparison from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology Ruthenium Integration	3:15pm			
4:45pm Risto Puhakka, President, VLSI Research OEM Markets and Materials Trends 5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Comp (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	3:45pm	Michelle Garza, Sr. R&D Chemist, Fujimi		
5:15 to 7:30pm Not-So-Usual-Roundtables Break-out Topic Discussions over Craft Beer and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	4:15pm	Dennis Brestovansky, Director, Praxair	Ion Implant Critical Materials	
7:30pm Not-So-Usual-Roundtables and Soda Session III. Near Future Materials 8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	4:45pm	Risto Puhakka, President, VLSI Research	OEM Markets and Materials Trends	
8:00am Sanjeev Aggarwal, VP R&D, Everspin Manufacturing Challenges & Solutions for Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials		Not-So-Usual-Roundtables		
8:00am Sanjeev Aggarwal, VP R&D, Everspin Toggle-STT-MRAM 8:30am Glen Wilk, VP Corporate R&D, ASM ALD Materials Integration Challenges 9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	Session III	. Near Future Materials		
9:00am Nicholas Blasco, Director, Air Liquide Ru Precursors, & Co Precursors Issues 9:30am Lukas Gerlich, Technologist, Fraunhofer CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials	8:00am	Sanjeev Aggarwal, VP R&D, Everspin		
9:30am Lukas Gerlich, Technologist, Fraunhofer Cobalt Fab Intro & Integration from CVD to CMP (R&D Accelerator) 10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials Ruthenium Integration	8:30am	Glen Wilk, VP Corporate R&D, ASM	ALD Materials Integration Challenges	
10:00am Coffee Break 10:15am Ed Korczynski, Sr. Analyst, TECHCET 10:45am Alok Ranjan, Director & Sr. MTS, TEL David Thompson, Sr. Director, Applied Materials CMP (R&D Accelerator) EUV Materials and Multi-Pattering Costs & Modeling Quasi ALE SiN Technology Ruthenium Integration	9:00am	Nicholas Blasco, Director, Air Liquide	Ru Precursors, & Co Precursors Issues	
10:15am Ed Korczynski, Sr. Analyst, TECHCET EUV Materials and Multi-Pattering Costs & Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology David Thompson, Sr. Director, Applied Materials Ruthenium Integration	9:30am	Lukas Gerlich, Technologist, Fraunhofer		
10:15am Ed Korczynski, Sr. Analyst, TECHCET Modeling 10:45am Alok Ranjan, Director & Sr. MTS, TEL Quasi ALE SiN Technology 11:15am David Thompson, Sr. Director, Applied Materials Ruthenium Integration	10:00am	Coffee Break		
David Thompson, Sr. Director, Applied Materials Ruthenium Integration	10:15am	Ed Korczynski, Sr. Analyst, TECHCET		
Materials Ruthenium Integration	10:45am	Alok Ranjan, Director & Sr. MTS, TEL	Quasi ALE SiN Technology
